Overview

Better Storage Systems established in Brisbane in 2008, the company is fast becoming one of Australia's leading suppliers of Industrial/commercial storage, material handling equipment for some of the world's largest brands.

The company currently employs a team of professional personnel that have a diverse range of experience in the materials handling and storage industry and cover all facets of our business from sales, design, thru to completion of installation and after sales service. These key people collectively have an estimated 60 years of experience in the storage systems industry alone and have the same desire to provide a high level of service, solutions, advice and establish strong lasting relations with our clients.

Accreditation

Better Storage Systems guarantee the highest quality and durability of our products and manufacturing processes. Independent certification organizations continuously check and evaluate our products and processes.

Insurance

To protect customers, the public and ourselves, Better Storage Systems carries an insurance cover...

| | |
|-------------------|------------------------------|
| Public Liability | \$ 10,000,000 |
| Product Liability | \$ 10,000,000 |
